Details

1. Overview of The Certified Health & Productivity Management Outstanding Organizations Recognition Program

The Certified Health & Productivity Management Outstanding Organizations Recognition Program recognizes outstanding large enterprises and SMEs that practice excellent health and productivity management, based on initiatives to address regional health issues and promote health advocated by the Nippon Kenko Kaigi. By increasing the visibility of such enterprises, the program aims to create an environment in which they can be positively assessed by society-including employees, job seekers, business partners, and financial institutions-as enterprises that view employee health management from a business-management perspective and implement strategic initiatives to improve it. ## 2. Asset Management Company's initiatives for health-oriented management

The Asset Management Company, which announced Step 2 of its Healthy Company Declaration in March 2022, has received a Gold certification for three consecutive years, since first receiving it in June 2023. In addition, it received the "Sports Yell Company 2026" certification for the second consecutive year in January 2026.

The Asset Management Company supports employees in maintaining and improving their health by prioritizing employee health and safety, in order to realize its management philosophy, "Employee Health & Fulfillment in Life." Going forward, the Asset Management Company will continue to proactively create a healthy and comfortable work environment through a range of measures, including maintaining a 100% participation rate in regular health checkups and comprehensive medical checkups, providing health-related training programs, and having HAM Wellness Action Supporters host sports events to promote health.

\* The HAM Wellness Action Supporters is a good health promotion team consisting mainly of young employees. The team was created with the goal of encouraging employees' participation in the employee health promotion and communication stimulation programs.
